Servas events - Feb 2020

Dear Servas National Groups and International Key Persons:

This year of 2020 will be full of exciting and interesting events.

We are very happy to know that in many parts of the world our Servas friends are working hard and voluntarily to offer all kind of exciting and wonderful **experiences** to Servas members. The **international events** that we are announcing today vary in themes and places, but they all have something in common: the wish to strengthen bonds between Servas members and to spread the understanding and tolerance by travelling and meeting each other.

Here are the first announcements of 2020.

Please share this information with your national group members. They will certainly appreciate it!

P.S. As soon as possible, **French translations** will be available on the website www.servas.org
